Lokendra GC

Web Developer

A highly enthusiastic, competent, and hard-working fourth-year Bachelor in Electronics, Communication, and Information engineering student with skills in frontend development. Saturated with analytical, technical, and problem-solving skills to finalize any given task within time restrictions. Seeking an appropriate position to utilize my knowledge and skills that offer professional growth progressively while being productive, efficient, and flexible.

Projects

Portfolio

This project is about my portfolio website made up of React JS, and Tailwind CSS.

Code: [_github.com/LokendraGC/yt-react-my-portfolio](https://github.com/LokendraGC/yt-react-my-portfolio)

Demo: <https://portfolio-lokendra.netlify.app/>

LabTracer

I made this project's frontend part for college lab management. This project is made up of ReactJS, tailwind CSS, Django, and MongoDB database.

Code: [_github.com/LokendraGC/lab_web_application](https://github.com/LokendraGC/lab_web_application)

Demo: <https://sagarmathalab.netlify.app/>

Todo-List

This project is made up of React JS, Tailwind CSS, and HTML.

Code: [_https://github.com/LokendraGC/ToDo_list](https://github.com/LokendraGC/ToDo_list)

Demo: [_https://github.com/LokendraGC/ToDo_list](https://github.com/LokendraGC/ToDo_list)

Experience

- Working as a Secretary at [<i>TechKarnali</i>](#) is the tech Community for Karnali previonce.
- Participated in Hackathon organized by the college society [COESIS](#).
